

## DIY LEAD Inspection Checklist

**Instructions:** Use this checklist to test for lead in your home inside and out.  
 Check if there is Lead present by using the FLUORO-SPEC FS Lead Test Kit  
 Mark the box with a “+” (Positive) if Lead is found (glowing after using FS Kit)  
 OR a “-” (Negative) if No Lead is found.

Input Negative or Positive  
in the Boxes after using FS Kit.

Positive +    Negative -

ROOM/LOCATION:									NOTES: (about your lead finds)
<b>INTERIOR</b>	+	-	+	-	+	-	+	-	
WALL PAINT									
FRONT DOOR									
BACK DOOR									
STAIRSCASE									
RAILING									
MOLDING									
BASEBOARD									
WINDOWS									
DISHES									

Fill in the empty fields for any additional areas you have tested using the FLUORO-SPEC Lead Test Kit.
