FLUORO | SPEC

Date:_____

DIY LEAD Inspection Checklist

Instructions: Use this checklist to test for lead in your home inside and out. Check if there is Lead present by using the FLUORO-SPEC **FS** Lead Test Kit Mark the box with a "+" (Positive) if Lead is found (glowing after using FS Kit) OR a "−" (Negative) if **No Lead** is found.

Input Negative or Positive in the Boxes after using FS Kit.

Positive + Negative −

									NOTES: (about your lead finds)
EXTERIOR	+	−	+	−	+	−	+	−	
EXTERIOR PAINT									
PORCH									
STAIRS/RAILING									
FRONT DOOR									
BACK DOOR									
SOIL around the house									
PLAYGROUND SET									
GARDEN									
HOSE (test when dry)									

Fill in the empty fields for any additional areas you have tested using the FLUORO-SPEC Lead Test Kit.
